Overview Page

Your dashboard home — today's stats, booking tracker, and revenue chart

DASHBOARD – OVERVIEW

First screen after login

This is the first page you see after logging in. It shows **Today's Booking Tracker** with all bookings for today, stats cards (Pending, In Progress, Completed), and weekly revenue chart.

Today's Tracker shows only today's bookings with real-time status updates. Each booking card has a progress bar showing current stage.

USER APP – HOME SCREEN

User browses categories and selects services

Bookings Page

Manage bookings: assign workers, mark started, verify OTP, complete

DASHBOARD – PENDING BOOKING

Step 3.1 – Assign worker

When a booking arrives, it shows as **Pending**. Click **Assign Worker**, select a technician from the list, and confirm assignment.

The screenshot shows a web application interface for "Ninja Car Wash". The left sidebar contains navigation links: Overview, Categories, Services, Bookings (highlighted with a red badge showing "3"), Calendar / Slots, and Technicians. The main content area is titled "Bookings" with the subtitle "Manage all service bookings". It features a filter bar with buttons for "All", "Pending", "Assigned", "Started", and "Completed". Below the filter bar, a booking card for "Rahul Sharma" is displayed with a "Pending" status tag and a price of "₹200". The booking details include "Car Exterior Wash", "June 15", "10:00 AM", "9876543210", and "Hyderabad". At the bottom of the card are two buttons: "Assign Worker" (purple) and "Reject" (red).

Action: Assign a worker to move booking from Pending → Assigned status.

USER APP – BOOKING PLACED

 **User waits for assignment**

DASHBOARD – ASSIGNED BOOKING

Step 3.2 – Mark as started

After assigning a worker, booking status changes to **Assigned**. When the worker arrives and is ready to start, click **Mark as Started**. System generates a 6-digit OTP.

The screenshot displays the 'Ninja Car Wash' dashboard. The left sidebar contains navigation links: Overview, Categories, Services, Bookings (with a red badge showing '3'), Calendar / Slots, and Technicians. The main content area is titled 'Bookings' and shows a single booking for 'Rahul Sharma' with a status of 'Assigned' and a price of '₹200'. Below the name, it lists 'Car Exterior Wash • June 15 • 10:00 AM' and 'Worker: Ravi Kumar • 9988776655'. At the bottom of the booking card are two buttons: 'Mark as Started' (green) and 'View Details' (blue).

Action: Mark as Started generates OTP. Worker must get this OTP from customer to verify arrival.

DASHBOARD – MARK COMPLETE

Step 3.4 – Complete booking

After work is done, click **Mark as Completed**. Booking moves to Completed status. Payment is recorded and user can leave feedback.

The screenshot shows a web application interface for 'Ninja Car Wash'. The left sidebar contains navigation links: Overview, Categories, Services, Bookings (highlighted with a red badge showing '3'), Calendar / Slots, and Technicians. The main content area is titled 'Bookings' and displays a single booking card for 'Rahul Sharma' with a status of 'Completed' and a price of '₹200'. The booking details include 'Car Exterior Wash • June 15 • 10:00 AM' and 'Worker: Ravi Kumar • OTP Verified'. A green success message states '✓ Service Completed Successfully' with subtext 'Payment received • Feedback pending'.
